

UNIVEG Direct Fruit Marketing (DFM) GmbH was founded in 1998 and is based in Bremen, Germany. As a subsidiary of UNIVEG Deutschland, the company is responsible for the direct sourcing of produce, mainly from overseas, and acts as a direct link between producers in the countries of origin and European customers.

ACTIVITIES

The key products handled by UNIVEG DFM are grapes, apples, pears and citrus from South America, South Africa, New Zealand, USA, India and China.

KEY COMPANY FACTS

- Long-standing partnerships and programs with suppliers/producers guarantee a year-round supply to all customers.
- Suppliers are selected according to the each customer's quality specifications.
- Staff members on site in the producing areas ensure full traceability of the products back to the origin.
- UNIVEG Direct Fruit Marketing has quality managers based in the Netherlands, Brazil, New Zealand and China to guarantee that the produce delivered always meets the requirements of the customers.
- The whole supply chain, from the producer to delivery to the food retailer, is controlled by just one hand, UNIVEG.
