

Cycle of Freshness

ONE-STOP COMPETENCE IN FRESHNESS

As part of the UNIVEG Group, UNIVEG Deutschland offers a comprehensive spectrum of services focussed on the sourcing and distribution of fresh produce. As a reliable supplier of fruits and vegetables, flowers and plants, convenience and logistics and transport with more than 9,500 employees worldwide at your daily disposal, the UNIVEG Group can offer you perfect solutions for your individual needs.

Sourcing from UNIVEG's own production areas around the world and utilising the expertise of our global network of technical teams, UNIVEG Deutschland is able to deliver individual fresh produce solutions. Drawing on the UNIVEG Group's experience in logistic services, UNIVEG Deutschland can provide you with flexible and global logistic solutions for your fresh produce needs. This unique combination of own UNIVEG production locations, international logistic expertise and national distribution facilities demonstrates why UNIVEG Deutschland

is an ideal partner as a supplier of fresh and safe fruit and vegetables in an increasingly complex supply chain.

UNIVEG Deutschland's regional service and distribution centres in Germany and Austria are close to our customers in more ways than one. Providing a wide range of ripening, sourcing, packing, quality management and logistic services for both national and local customers, our employees are committed to fulfilling your individual needs 365 days a year. Locations and contact details can be found on the reverse side of this leaflet.

UNIVEG Deutschland cooperates intensively with other UNIVEG companies. Objective of the intense cooperation is to combine the strengths and competences of all UNIVEG companies in order to offer our customers best sourcing options, safe products of excellent quality, logistic solutions at optimal costs and an overall service and support. Central contact persons serve our customers, offer all product lines from all over the world and optimize the services we render to our customers.

Quality makes the difference!
