

Cycle of Freshness

COMPANY PROFILE

UNIVEG Katopé South Africa is a market leader in procuring and marketing of subtropical fruit from South Africa. Based in Tzaneen (Limpopo Province), South Africa, the company was established in 1984. UNIVEG Katopé South Africa has a diversified production base allowing the Group to produce and supply a wide variety of subtropical produce throughout the year.

Over the past years the company has invested heavily in GLOBALGAP, HACCP, Nature's Choice, BRC, Fairtrade and Organic lines, enabling it to supply discerning supermarkets locally and internationally. Currently UNIVEG Katopé South Africa is one of the largest marketers of conventional, organic and Fairtrade subtropical produce from South Africa.
