

Cycle of Freshness

COMPANY PROFILE

Located in Salvador/BA, Brazil, UNIVEG Katopé Brazil was founded in 2002 by Mr. Christophe Fontaine and became a member of the UNIVEG Group in 2008. Today Christophe is still the Managing Director.

UNIVEG Katopé Brazil is specialized in the export of limes, grapes, mangoes, yams, sweet potatoes and cloves, and imports and markets plums, nectarines, peaches, kiwis, apples, pears and garlic in Brazil.

With more than 8 years of experience, the company has privileged connections with reliable suppliers and customers.

Being part of the UNIVEG Group allows UNIVEG Katopé Brazil to build a close network with large retailers in Europe and worldwide.

To provide full service and to meet the growing demands of the suppliers and customers in Europe, USA, Middle East and Brazil, a new team of professionals was set up to encourage the development of the Brazilian potential in terms of export and import.
