

Cycle of Freshness

### COMPANY PROFILE

Located both in Rungis and in Avignon, the company was created by Jacques Azoulay in 1969. It is now managed by Nicolas Morinière.

UNIVEG Katopé France specializes in fresh produce like subtropical fruit, out of season fruits and citrus.

In 2008 Katopé joined the UNIVEG Group.

### CORE BUSINESS

- Production, packing, ripening, exportation, importation and distribution of fresh fruit and vegetables to France, the United Kingdom, Spain, Germany, Northern and Eastern Europe.
- The diversified production allows UNIVEG Katopé France to produce and to distribute a large choice of fresh produces all year round.

- The main production areas are located in Argentina, South Africa, Costa Rica, Brazil, Peru and Suriname.
- The customers, mainly chain stores, are located in France, Germany, the United Kingdom, Scandinavia and Eastern Europe.

The UNIVEG Katopé France organization, based on customers' policy has the objective to become the leader on the French market with chain stores and wholesalers, optimizing its range of products and services.

### CERTIFICATION

UNIVEG Katopé France is certified according to the ISO 9001 standards and all the growers of the Group are GLOBALGAP certified. All the warehouses of the group follow the HACCP system.
