

Cycle of Freshness

COMPANY PROFILE

Established in 1991 under another name, Expofrut Peru S.A.C. is a leading grower, packer, marketer and exporter of fresh fruits and vegetables from Peru.

The company is based in the privileged area of the coast of the country. This region is known for its exceptional weather, suitable for the production of fruits and vegetables of excellent quality.

From its start, Expofrut Peru grew steadily, first in vegetables and then on fruits. In 2007 it became a member of the UNIVEG group.

CORE BUSINESS

- Commercialisation of more than 5,000 tons of fresh fruit and vegetables per year.
- Owner of 2 packing houses and cold storages.
- Export of fresh asparagus and vegetables to Europe (UK), United States and Canada. After joining UNIVEG in 2007 Expofrut Peru also started to export fruit to Europe and United States.
- Employer of approximately 40 people monthly, hiring more than 200 employees per month at times of high production.
- Collaboration with more than 50 produce suppliers from different parts of the country.
- High quality production and a regular year-round supply, with state-of-the-art technology.
- GLOBALGAP, Nature Choice, HACCP and SQF 2000 certification.
