

Cycle of Freshness

COMPANY PROFILE

Located in Sint-Katelijne-Waver (Belgium), Legumex Trade is a leader on the Belgian market in full service supply of fresh fruit and vegetables. It is competitive in sourcing due to the strength of the UNIVEG group. The company offers a complete assortment: fruit, vegetables, mushrooms, herbs and dry fruit, both local and imported, as well as organics. Legumex Trade is always on the lookout for innovation in the assortment and efficiency of service. Particular attention is paid to quality management, with BRC certification.

CORE BUSINESS

- Import and local sourcing of mushrooms, as well as packing and distribution of the full range of fresh fruit and vegetables for the Belgian retail market.
- Specialised in offering the largest assortment of mushrooms: from classic white to all the different types (wild or cultivated) in Europe and the Far East.
- Full service: sourcing, buying, packing, distribution, transport and marketing.
- Own packing facilities to repack based on the specifications of the customer.
- Category management services for the retail sector.
