

Cycle of Freshness

COMPANY PROFILE

UNIVEG Trade Benelux B.V. was founded in 1988 in Bleiswijk, the Netherlands and is currently located in Waddinxveen, the Netherlands. It is a 35,000 m² fully temperature controlled facility with 98 loading docks and a capacity of 6,000 pallets of cold storage. UNIVEG Trade Benelux is HACCP, IFS, Q&S and SKAL certified.

CORE BUSINESS

UNIVEG Trade Benelux B.V. is specialised in providing full service to the leading retail chains in Europe.

UNIVEG Trade Benelux B.V. is active in trading of:

- **Dutch greenhouse vegetables:** UNIVEG Trade Benelux B.V. collaborates with *Best of Four*, a registered growers' cooperative specialised in growing tomatoes, cucumbers and capsicum. Several other long lasting relationships with the larger growers' organisations offer the best quality products to fulfil the needs of our customers. All growers are GLOBALGAP certified.

- **Organic fruits and vegetables:** The demand for organic produce is growing rapidly over the last years. This is recognised by UNIVEG and one of its major customers. UNIVEG primarily imports and exports organic fruits and vegetables to Germany, achieved through intensive collaboration between growers, customers and UNIVEG as full service provider.
- **Exotic fruits and vegetables:** During a decade UNIVEG built strong and long lasting partnerships with leading producers of exotics from all over the world. These producers are fully aware of the specific needs of our customers including food safety, nutrition, good taste and reduction of carbon footprint. GLOBALGAP is the minimum requirement. With a state-of-art packing facility UNIVEG Trade Benelux B.V. utilize a wide variety of packing machines. We are able to fulfil our customers' need with all required packaging. Employees' wellbeing is secured by adapted working conditions on the working floor and we are BRC and AEO certified.
