

EXPOFRUT BRASIL

COMPANY PROFILE

The company was established in 2001 and operations started up in 2004 in São Francisco Valley, in the northeast of Brazil, 50 km from Petrolina, on the banks of the Sobradinho Lake. Thanks to this privileged location, access to potable water and suitable irrigation is guaranteed.

In addition the company can opt for several ports, can get faster access to the markets and can reduce the time between harvest and consumption.

CORE BUSINESS

- 156 ha planted and capacity to plant an additional 347 ha.
- Currently planted with Thomson, Imperial and Crimson Seedless and new varieties.
- The third largest grape exporter of the country.
- The operation is GLOBALG.A.P., HACCP and Nature's Choice certified.
